

## ANIMATED DISCUSSION.

## OVER TENDERS FOR LUMBER.

City Aldermen involved in some very plain remarks last evening.

Commissioners' report No. 31 presented at last night's council meeting introduced a half hour of very general and very animated discussion.

It will be remembered that some time since tenders were called for the lumber required during the season for building sidewalks. Tenders were received from five local firms, all for the same amount, the price being \$23 per thousand less 20 per cent, for the cheapest grade of spruce, and ranging upward according to size etc. The council thought the price high and told the commissioners to advertise again for tenders, and to do so in such a manner that B. C. Lumbermen would have a chance to tender.

The purport of last night's report was that the commissioners had accepted tenders for the supply of the lumber required. Of the spruce required John Walters' tender had been accepted for a considerable amount at \$18.50 per thousand, less 15 per cent; S. D. Eekels of Spruce Grove had been awarded a contract for eight thousand feet at \$19.00. The tenders of D. H. Fraser and Co., W. H. Clark and Co., and the Northern Coal and Lumber Co. were the same. The contracts for E. G. Laramie had been divided between W. H. Clark and Co. and the Northern Coal and Lumber Co.

The secretary announced that tenders had been received from three B. C. firms after the hour for receiving tenders had expired and a local dealer had also appeared with a tender a few minutes after the hour. These had not been considered. The tenders from B. C. firms had been opened and were found to be lower than the local tenders.

Ald. Clark wanted to know the names of the B. C. firms who had tendered lower than the local firms, which caused Ald. Griesbach to smilingly remark that "Here's where the Trust gets in its work."

The firms were the Elk Lumber Co. of Fernie, R. Gault of Grand Forks, and the Sparwood Lumber Co. The lowest of these tenders was \$17 per thousand delivered at Edmonton.

Ald. Fraser took the ground that what the outsiders meant by "Edmonton delivery" was "Strathcona delivery" but the finance commissioner said this had been clearly explained in the advertisement and could only mean delivered at Edmonton.

Ald. May brought up the case of Mr. Davis, the local tenderer who had arrived some fifteen minutes behind time and whose tender was accordingly not considered. He said Mr. Davis had telephoned the commissioners ten minutes to twelve, the hour set for opening the tenders, that he would be at the city offices ten minutes after twelve with a tender. When Mr. Davis arrived the tenders had not all been opened and he thought the tender should have been considered.

Ald. Fraser replied that the hour set was 12 noon and that that was the time to open the tenders, not a few minutes later.

Ald. Boyle reminded Ald. Fraser of his remark according to the strict letter of the law. He thought the question was not one for the enforcement of a strict rule but for the exercise of judgment and as it was impossible for Mr. Davis to have known what the other tenders were, he thought his tender should have been considered.

Mayor MacKenzie replied that the commissioners were not left with the privilege of exercising their judgment in the matter as they had been instructed definitely to adhere to the rule of time in opening tenders.

Ald. May thought the deal looked like a lock-out and that there was too many lumber dealers on the council board.

Ald. McLeod regretted that the contracts had been let as a large saving to the city might have been effected. The question of the disposal of the report came up. Ald. Boyle moved that the report be filed, giving as his reason that the commissioners had already accepted the tenders and adoption or rejection was not the question.

## AT NEW MINISTER'S INTRODUCTION.

The Premier and Mr. Lamont, of Saskatchewan, introduced the Member from Edmonton yesterday.

Ottawa, May 2.—The feature of today's sitting of the House was the introduction of Hon. F. Oliver, by Premier Laurier and Mr. Lamont, M.P. There were deafening cheers from the Liberals, the chamber being well filled as Premier Laurier introduced the Minister of the Interior. Mrs. and Miss Oliver were in the speaker's gallery at the time. There were eight speakers on the anti-temperance bills today. The Minister of Indian Revenue was first, Fitzpatrick will speak tomorrow. The vote will be reached at tomorrow's sitting, and the majority will be about eighty notwithstanding that several Liberals are absent.

## GUARD THE STREETS IN WARSAW.

Polish Factory Workmen Went Out Yesterday—Renewed Trouble Expected To-Day at the Nationalist Celebration

Warsaw, May 2.—The May day death toll totalled 75 killed and 210 wounded. Many bodies are lying at the police stations awaiting identification, but the cossacks are driving back the crowds, and the relatives are unable to get near the bodies. The streets are crowded with infantry and cavalry patrols. Working men are in an ugly and uncertain mood, often at all the factories struck here and in other Polish cities today. There are 75,000 out at Lodz alone, and the industrial population is deeply exasperated over the sanguinary results of yesterday's encounters. The nationalists have arranged a tremendous demonstration tomorrow, it being the anniversary of the proclamation of Poland's constitution, when grave deeds will be doing. The Governor-General of Warsaw is distracted over the turn affairs have taken.

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## RED DEER ADDRESS.

The Red Deer Liberal Association met Mr. Oliver at the train on Thursday last and escorted him to the Albergo hotel, where the following address was read.

To the Hon. Frank Oliver, Minister of the Interior:

Sir.—We, the members of the Red Deer Liberal Association, desire most sincerely to offer you our hearty congratulations upon your appointment to the dignified and important office of Minister of the Interior, and wish, furthermore, to express the pleasure we have felt at your reelection as member for Edmonton, by acclamation.

We recognize in your triumphant return for your old constituency by an undivided electorate, first, an unmistakable manifestation of the high esteem and appreciation of your constituents towards yourself personally, and also, as an old, long tried, and well trusted public servant, whose selection to fill a high position in the Dominion Cabinet, has given your own constituents unmixt satisfaction, in which we believe the North-West generally, and Albertans in particular, heartily join. Second, we hesitate not to say, that such unanimity of approval, and such an unbroken array of public support can only be reasonably regarded as indicative of the general satisfaction felt at the course taken by you upon the Bill for granting of Provincial Autonomy, and including your attitude in relation to the school controversy. To this we beg to add our word of approval, and would say that here in the centre of Alberta, we feel you have spoken and acted in relation thereto, as one thoroughly conversant with the facts existing in the Territories, and we place on record our sense of your sound judgment, fairness and good statesmanship.

In presenting you with this address we wish you good health and vigor, to enable you to fulfill the arduous duties of your exalted office, and beg to assure you that we feel that our Government has by your appointment, shown an appreciation of one, so long known and valued in the Northwest, for his originality of conception, honesty of purpose and independence of attitude upon public matters, whether in the Territorial Assembly or in the Dominion Parliament. We regard your appointment as an honor done to the people of this great and rapidly advancing West, and we have the fullest confidence that the complete mastery of the situation in this western country which you have gained as an old and active resident, together with your natural capabilities will enable you to fully justify your appointment.

Signed on behalf of the Red Deer Liberal Association: G. W. Smith, President; J. J. Gaetz, vice president; F. S. Simpson, secretary; J. R. Cowell, E. F. Hogg, R. B. Welliver, executive committee.

### CANADA'S TELEPHONES

#### CONSIDERED BY SELECT COMMITTEE.

Parliamentary Committee Inquiring into the Telephone Systems of Canada and Other Countries.

Ottawa, April 28.—The special committee on telephones has held about a dozen sittings, and in an ordinary session would attract widespread interest. It is working with great energy. It is eliciting remarkable evidence, and the temper of its chairman and of the majority of its members is such as to foreshadow the taking of an extremely important step forward in administration. Its work is far from complete; for instance, the representatives of the Bell Telephone Company, against which a rolling fire of testimony has been directed, have not yet been heard in their defence. The evidence brought forward, however, has been sufficient to give one a good idea of the present position of telephone affairs in Canada, and to enable a fairly close guess to be hazarded as to the course which the committee will take.

At the opening of the inquiry, the special agent engaged by the committee, Mr. Francis Duggan, submitted a remarkably interesting memorandum on comparative telephone rates and systems. It deals with conditions outside of Canada and will repay the reading of every citizen who is really interested in the subject. Speaking broadly, in continental Europe, the telephone service in general is remarkably cheap. In the United States, during the last decade, an extraordinary advance has been made in the supply of cheap, independent telephones. In addition, Mr. Duggan adduced a number of exceedingly interesting facts relative to municipal and Government operation of telephones.

Perhaps the most impressive fact so far brought out are, first, the extent to which the telephone has been seized upon by the farming population; and, second, the enormous possibilities which lie before this department of the industry. In a telephone in every farmhouse, Mr. William Mulock's goal, Ontario has not made as extensive use of the general telephone as have several Eu-

ropean countries, and a number of the states of the American union; yet it is safe to say that the ordinary town-dweller will be amazed to learn the extent to which the farming districts are being threaded by the wires of the rural telephone. One reason for this is that the town-dweller for the most part, is restricted to doing business with the Bell Company. That corporation, according to a formidable mass of testimony, at the outset treated the rural business with indifference; then showed hostility towards the spontaneous and independent efforts of localities to provide themselves with this convenience, and still preserve a difficult and rather impracticable attitude towards the problem of the farmers' telephone.

There were 91 independent telephones in Canada in 1904. These are distributed by provinces as follows:

Quebec	.....29
Ontario	.....17
New Brunswick	.....1
Nova Scotia	.....14
Prince Edward Island	.....1
British Columbia	.....12
Manitoba	.....2
Northwest Territories	.....6
Yukon	.....1
	.....91

Almost every independent company has testified to the extreme irritation produced by their exclusion from railway stations. The absence of long-distance privileges, though felt, does not cause a great amount of annoyance outside of the towns. To the prosperous farmer, however, communication with railway station is a very great convenience, and it is safe to say that this particular piece of strategy of the Bell Company will cost it dear in the intense resentment it has provoked. Their betterment appears in almost every quarter of Canada, and impresses one as a political factor of some importance.

A point to which the attention of the committee has been directed is the enormous possibilities of telephone extension. In Fort William and Port Arthur there are about one thousand families and there are 763 residence telephones. Thus the number of telephones is three-quarters the number of families. To some extent there are special circumstances in the twin towns; local restriction has been stimulated to an extreme point by the embittered quarrel with the Bell Co., and the municipality has neglected its duty of pushing its service. Note the "near proportion" is impressive. To keep up the record of these two little towns Toronto should have thirty or forty thousand telephones. These facts bring prominently before the public the idea which Sir William Mulock has in the investigation. As expressed by himself, his idea is this: "That we should seek to organize and arrange for telephones

to be brought within the reach of residents in a municipality through machinery to be established by the municipality itself. There would be a practical difficulty in the way of the Government of Canada establishing telephones in every man's house, keeping up repairs, collecting rates, and so forth. But by the co-operation of the municipalities, we could induce the municipalities to deal with the telephone service as a municipal service, charging their tolls as a tax in the ordinary tax bill, the Dominion Government would not be charged with the details of it. The group would make application to the municipality for telephone service, and the municipality could pass the necessary by-law under the municipal law for that purpose. Then the municipality would apply to the Dominion Government by a method to be taken up later to establish a municipal telephone in that district. We would not deal with an individual, but we would deal with the municipality, and the municipality in turn would deal with the individuals as ratepayers and there would be included in their tax bill an item for telephone service, the same as there now is for water rates." The trunk lines apparently, he would have operated by the Government. Almost every witness has emphatically approved the idea of Government ownership of trunk lines and long distance service. Independent local companies seem to give satisfaction, so that the trend of affairs looks favorable to the Postmaster-General's plan.

## SHOOTING AFFRAY

AT BATTLEFORD YESTERDAY.

Walter Salisbury fires two shots at John Barr but without doing injury.

Battleford, May 3.—Great excitement was caused yesterday through the attempted shooting of John Barr brother of the famous J. M. Barr, by Walter Salisbury of Henrietta. One bullet struck Barr but glanced off a buckle, narrowly missing others who were in the bar at the time. Salisbury fired two shots and was then disarmed. The trouble arose over a horse trade, Barr having taken advantage of Salisbury while the latter was drunk. Salisbury escaped but this morning on recovering his senses surrendered to the police. He bears an excellent reputation, having been connected with the Government telegraph service since the line was built. Public sympathy runs strongly in his favor.

Innocent men and women were beaten on streets.

## CURING THE FILLER

THE Pharaoh filler I select in Manicaragua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying. After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

## APPRECIATION.

APRIL 25th, 1905.

H. F. SANDEMAN, Esq.,

Agent for the Norwich Union Fire Insurance Co., Strathcona.

DEAR SIR—Allow me to express my appreciation of the courtesy and treatment I have received at the hands of the Norwich Union Fire Insurance Society, in which Company I effected Insurance at the time of the Fire in my Hotel on March 3rd last.

The way the Company settles Claims is most satisfactory to a Policy Holder for it loses no time, as a full settlement of my Claim was in my hands within Three Weeks from the date of the Fire. Wishing your Company all the success it deserves.

I remain, yours truly,

(Signed) WILSON PYPER.

SANDEMAN & DAVIES, Local Agents for Edmonton  
Opposite the Post-Office.

**Premier Haultain must Choose**

Begin Leader:—On 25th April Hon. Frank Oliver was re-elected by acclamation to the House of Commons. On 25th April Premier Haultain returned to Regina from Ottawa whither he had gone presumably to fight for the best interests of the North West in particular and the Dominion in general, but really to fight for the Conservative party.

The two statements made above are equally true and have a distinct bearing the one to the other. The second statement sounds harsh, but in view of Mr. Haultain's course there can be no question but that it is quite justified. If Premier Haultain went to Ottawa with the sole object of securing those terms which would guarantee to the new provinces in the West peace, progress and prosperity, why did he not accept the very reasonable school clauses of the Autonomy Bills which only maintain a system he himself approves of and which he says he would not alter if he had the power? If on the other hand, he conscientiously and truly believes that the Bills are unjust to the new provinces, why did he not come west when Mr. Oliver was appointed Minister of the Interior and go into the constituency of Edmonton and prove to the country at large that he did represent the people when he protested against the policy of the Government towards the West? His right to speak in the name of the North West had been boldly challenged in Parliament and in the country. If, therefore, his

Letter of Protest was dictated from a sincere desire to advance the interests and welfare of the Territories, and not merely dictated by party considerations he should have been in Edmonton on 25th April instead of in Regina.

Now, however, that he is at home, perhaps he will try to bolster up the idea of the Opposition press that the return of Mr. Oliver in Edmonton cannot be accepted as representative of public opinion in the Territories. Possibly Mr. Haultain has come home for the purpose of having the Legislative Assembly summoned to express condemnation of the Autonomy Bills. Again it may be that he has at last decided to open the seven vacant Territorial constituencies of Edmonton and Lacombe in Alberta; Moose Jaw, Grenfell and Yorkton in Assiniboia, and Patoche and Prince Albert in Saskatchewan. If he really believes the terms proposed by the Dominion Government are unfair and an interference with our provincial rights there is only one course open to him; that is to secure the strongest possible expression from the people to that effect. Whether that can be best obtained by calling the Assembly together, or by filling the now vacant seats in the Assembly, or by first filling those vacant seats and then summoning the members to meet, he is no doubt capable of deciding. The point is that if his course at Ottawa has been dictated solely in the interests of the people he is supposed to represent, and is not of a piece with his actions since the Moose Jaw "spanking," he must adopt one of the above lines of action; otherwise he stands convicted of the charge that he is acting not in the interests of the people but of a party, and of a party which today does not represent the feelings and aspirations of the people of the North West.

## THE CITY COUNCIL

## TRANSACT REGULAR BUSINESS.

Public Meeting to Discuss Civic Matters. — Auditor Presents Annual Report

The city council met in regular session last evening, present Mayor MacKenzie, Ald. May, McLeod, Clark, Fraser, Griesbach, Picard and Boyle. The minutes of the two last meetings were read and approved.

## PROPOSED ELEVATOR.

The secretary read a report from the streets and parks committee and commissioners who had gone over the matter with the promoters, Messrs. Hobson and Hovyn. The report recommended that the company be asked to prove the bona fide nature of the concern by depositing in one of the local banks half the amount of the capital, that any bonus given do not exceed ten per cent of the total cost, that no exemption from taxation be given, that if a twenty-year franchise is given the city have the right at the end of every five years to take over the elevator by purchase. A plan of the hoist was attached to the report.

Mr. Hobson addressed the council saying that as the promoters had most of the machinery on hand comparatively little money would be required and the provision for depositing half the capital might be altered. Otherwise the report was satisfactory to them.

## FIRST STREET CROSSINGS.

G. P. Sanderson was assured that the future to put in crossings on First street, R. L. 12 where a new sidewalk has been built was due to a misunderstanding and that the necessary crossings would be put in.

## THE POUND PROBLEM

Mr. Tracy addressed the council re the pound by-law, stating some one appointed to impound all animals found running at large in the city, thus relieving the citizens from an unpleasant duty. This precipitated a discussion of the new pound by-law which was passed by the council a month since and sent up to the city solicitor for casting into legal form. Ald. Boyle said that the delay was due to the absence of the solicitor but as the matter was urgent he suggested that Mr. Beck's firm be requested to prepare the by-law and undertook to go over it with Ald. Griesbach and see that it met the ideas of the committee. This course was adopted.

## GRANTED A REBATE

J. J. Stewart wrote that he had started a restaurant and under the present regulations would be forced to pay a half year's license for the balance of the fiscal year, that is the balance of the present month. He was granted a rebate sufficient to make the charge proportionate to the length of time operating.

## VACANCY STILL VACANT

The secretary read his report as returning officer to the effect that no one had turned up at the hour and place designated on Monday to make nominations for the vacancy on the school board. Ald. McLeod thought the citizens should be ashamed of their lack of interest in educational affairs. Ald. Clark did not think the citizens knew anything about the nominations and wanted to know where it had been advertised. He was informed that some ten or twelve notices had been posted up in different places throughout the city and that this was all the advertising required by the charter. The secretary was instructed to hold nominations again and to advertise the same.

## PUBLIC MEETING

A petition was read asking the council to call a public meeting for the discussion of civic affairs. It was arranged that the meeting be called by the mayor for Monday evening next.

## NIGHT OF MEETING CHANGED

The regular meeting night for the council was changed from Tuesday to Friday, the change to come into effect next week.

## GENERAL

The water-dealers by-law was altered to permit them to charge 35c. per barrel where water has to be carried up stairs.

The commissioners reported the appointment of W. R. Hovey to the police force, his duties to begin June 1st. In reply to a question Ald. Griesbach was informed that the mayor was responsible for the police force.

## LUMBER TENDERS

The commissioners reported having accepted tenders for the lumber required for sidewalk purposes during the season. The report led to a lengthy and interesting discussion and determined in the filing of the report.

## NINTH STREET WATER MAINS

The commissioners reported that the tender of R. Whiteman for installing water mains on Ninth street had been accepted, the amount being \$1250.

The public works commissioner reported that the cost of the contemplated improvements to the fire hall and additions to the equipment would cost \$3500. Instructions were given to have the by-law prepared for submission to the council providing for raising the necessary sum.

Ald. Griesbach suggested that several of the old water tanks about

city were useless and should be filled in. He also drew attention to the fact that the gravel pit was encroaching on Sixth street and measures should be taken to prevent the closing of the street.

## THE AUDITOR'S REPORT

The auditor presented his annual report for the last year. Briefly the report was to the effect that he could not certify the annual statements prepared by the secretary-treasurer as they were misleading and "gave no idea of the city's finances." He went very fully into the points whereon he differed from the secretary-treasurer and the report was a lengthy one. The report was finally laid over to be taken up at an adjourned meeting on Friday evening.

## LOCAL

-Train on time.

-Probs-Cool and fair.

-A party from the city will attend a ball in Lacombe Thursday evening.

-There was a drunk up in police court this morning who received the usual dose of fine and costs.

-Mrs. F. S. Green has resigned from the leadership of the McDougall choir and will be succeeded by Mr. Jackson Hanby.

-A meeting will be held in Poirer's Hall, Riviere Qui Barre, at 2 p.m., on May 20, to select prospective candidates for the provincial house.

-Friday of next week is Arbor day. It will be observed as a general holiday in the city. The Driving Club will hold a matinee on the exhibition grounds.

-At the meeting of the baseball club in the Alberta, last evening, it was decided to play at the Fort on the 24th of May. There was a good attendance and many plans for the coming season were discussed. The grounds committee reported that a suitable place had been secured between Second and Third streets west and that they had men at work getting it in shape. Arrangements will be made for bleachers, so that the patrons this year can comfortably witness the games. The team will come out in new uniforms this year in all probability.

-A correspondent writes from Bonnie Glen Settlement: Before deducting to local clubs elsewhere, newcomers would do well to investigate the country round about the Bonnie Glen district, which lies about twenty-five miles north-west of Wetaskiwin on the Pigeon Lake trail. A new post office is shortly to be opened at Sheppard's store, and the school district being now formed, the school will be erected and opened this summer. Lumbering is being extensively carried on in the neighborhood and the fishing industries of Pigeon Lake combine to add to the attractions of the country. Many farmers have finished their seeding, and notwithstanding the newness of the settlement there is every prospect of early prosperity.

-The Cut Knife country west of Battleford was swept by a big prairie fire last week which did great damage. Originating at the south end of the lake it was driven by a fierce wind of such a rate that a man on horseback could not keep ahead of it. C. Thompson, one of the first settlers in the district, had an eight foot fire guard round his barn but the flames jumped this and destroyed the building, and two hundred bushels of oats which it contained. The barn was a large one and Mr. Thompson had been at pains to make it as complete as possible. He says the fire would have jumped a twenty foot guard. Murphy Bros. lost a horse, but saved their store. Malcolm lost a large quantity of hay, and Mr. Coon also suffered. It is said the unprotected stacks of which there were quite a few are all gone.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section of 160 acres, more or less.

ENTRY.-Entry may be made personally in the district in which the land is to be taken in situ, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.-A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to fulfill the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead. If the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon a farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 3, 4, or 5, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads, and intend to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.-Newly arrived immigrants will receive the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba, or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. COBY,

Deputy Minister of the Interior.

N. B.-In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.
